And the joy didn't end there. I'm being forced to choose a mate. The Brausa are facing extinction. Tabron has no need for a mate, himself, and he's told me as much. Multiple times. What he does have are hands and wicked lips that stir feelings I thought lost forever. Choosing him (just to play along until I can find a way home) seems to irk him and I find this surprisingly fun. But surviving a hidden conspiracy and the dangers of this alien place might be more difficult than I could ever imagine... Book Three of *The Dreamwalkers*

A young woman must choose between passion and pride in this historical saga from “a superb writer who does Western Americana with flair and humor” (RT Book Reviews). Keturah “Ket” Tremayne belongs nowhere, to no one. Born of an Apache mother and a “white-eyes” father, she is an outcast in both worlds. Ket has erected a wall around her heart, a wall of hatred for all whites, especially the soldiers at Fort Davis—and her stepmother, Sabrina. Now Ket has gone into the mountains to rescue her half-brother and his friend from Comancheros. Along with the boys, she saves a greenhorn surveyor named Blake. His gibberish confounds her, but in spite of her better judgment, his compassion draws her near. Blake has his hands full surveying a rail line while avoiding renegade Apaches—except for Ket, the most astonishing and bewildering woman he’s ever met. Even in the snow, his blood boils just thinking of her. If it takes the rest of his life, he will tear down the wall that keeps her heart locked up. “Vaughan charts the passage between girl and woman with an authority and delicacy few Western romance writers can match. Keturah’s heart and mind blossom like a rose unfurling one petal at a time.” —Crescent Blues Book Views

He's a soldier haunted by what he saw... For Wyatt Forrester, becoming a Marine and then getting on an elite team was a no-brainer. He was made for excitement and danger. But when a mission goes wrong and his friend dies, Wyatt goes home to get his head on straight. His beautiful and meddlesome best friend Penny is determined to help him figure things out, and her methods are deliciously unorthodox. Wyatt'd be lying if he said he hadn't ever thought about Penny as more than a friend. Hell, he spent most of high school trying to impress her, but she made it clear they were only friends. But when they kiss, it blows all that “only friends” stuff out of the water. Wyatt can't pretend anymore. He's got to have her, consequences be damned. He might not know where he belongs, but he knows who he wants. She's the friend he's always desired.. Penny Edgcombe lived a wild musician's life, but now she's devoted to her five-year-old son. Now, she's given up music, and she's given up men. She doesn't have the time or inclination to date seriously. Her biggest fear is getting trapped in a relationship as loveless as the one her parents had. The only man she's ever let into her heart is Wyatt, but she even put boundaries on that, though those boundaries get pushed when their friendship careens into toe-curlingly passionate territory. Soon, Penny's traitorous heart wants more. But outside forces are determined to tear them apart. While Wyatt grapples with the ghosts in his past and tries to find a path forward, Penny has to face her fear and fight for the man who's finally caught her wild heart. Do they have the guts to fight for their long-overdue happily ever after? ***** This is the fifth book in the MAGNOLIA VALLEY series. It can be read as a standalone or as part of a larger story line. · Dreaming of You (Josie & Calvin) · Destined for You (Ethan & Astrid) · Fascinated by You (Nora & Alek) · He was Playing for Keeps (Caine & Quinn) · Catching Her Wild Heart (Wyatt & Penny) · Risking it all for Love (Augustus & Freya) Catherine Evans fell in love when she was three years old, head-over-heels, forever kind of love. The very first moment she saw twelve-year-old Duncan McKenzie, she told God and her pony that she was going to marry that boy. He was handsome. He was kind. He was strong and smart and all the good things a boy should be. For thirteen years she loved him with every beat of her heart. And on her sixteenth birthday he walked away from her father's ranch, and from her. He didn't look back over his shoulder. Not even once. And from that day forward, Catherine Evans swore off all men. Her heart turned to stone, her will to iron, and her vow to God changed. She'd run her father's ranch. She'd succeed. She'd survive. And she would never, ever love another man as long as she lived. Duncan McKenzie left the ranch ten years ago, desperate to escape temptation in the form of a budding young lady too innocent to claim for his own. But Catherine's frightened father summons him home. The ranch is under attack and the old man's stubborn daughter refuses to seek help. Duncan left a sweet young girl behind a decade ago. He returns to a defiant siren, a woman whose heart is as wild as the land she would sacrifice her life to protect. When Catherine's father coerces her into marrying Duncan, the fire in her eyes spells trouble, but it's the kind of trouble Duncan has no desire to resist. Marriage is the only way he can protect her. Especially when Duncan's own past comes calling in the form of one extremely dangerous and vengeful outlaw, Catherine's cowardly enemies want the ranch badly enough to kill for it, and his reluctant bride is very much in their way.

Clarice Lispector's sensational, prize-winning debut novel *Near to the Wild Heart* was published when she was just twenty-three and earned her the name 'Hurricane Clarice'. It tells the story of Joana, from her wild, creative childhood, as the 'little egg' who writes poems for her father, through her marriage to the faithless Otávio and on to her decision to make her own way in the world. As Joana, endlessly mutable, moves through different emotional states, different inner lives and different truths, this impressionistic, dreamlike and fiercely intelligent novel asks if any of us ever really know who we are. Clarice Lispector was a Brazilian novelist and short story writer. Her innovation in fiction brought her international renown. References to her literary work pervade the music and literature of Brazil and Latin America. She was born in the Ukraine in 1920, but in the aftermath of World War I and the Russian Civil War, the family fled to Romania and eventually sailed to Brazil. In 1933, Clarice Lispector encountered Hermann Hesse's Steppenwolf, which convinced her that she was meant to write. She published her first novel, *Near to the Wildheart* in 1943 when she was just twenty-three, and the next year was awarded the Graça Aranha Prize for the best first novel. Many felt she had given Brazilian literature a unique voice in the larger context of Portuguese literature. After living variously in Italy, the UK, Switzerland and the US, in 1959, Lispector with her children returned to Brazil where she wrote her most influential novels including *The Passion According to G.H.* She died in 1977, shortly after the publication of her final novel, *The Hour of the Star*.

MYSTICAL. EXTRASENSORY. SHAMANIC. The lyrics to a song, "Love, Thy Will Be Done,"(Prince & Martika) captivated author Marcia Singer in '91 during an exquisitely painful life passage. Both of her parents were dying, her lover was moving far away. She was ripe for profound awakening, deep healing through Surrender to whatever Life might bring. Learning to love unconditionally was the Path, the Work to be done. Following *Iron Jane* (2019), this second collection of soul-bearing stories of personal transformation wake a calling to live a big life. Sourcing the deep and erotic, wildish and ecstatic feminine Soul, Singer risks it all to be a trustworthy way-shower.

*This is a book about how a boy?and a man?becomes a man. It's a guide to the process of masculine initiation, that ancient path every boy and man must take if they would become the man they long to be. The path whereby they come to know they are a man, and are able to live and love from a deep, centered strength. We live in a time where most men (and boys) are essentially fatherless. Whatever their circumstance, they have no man actually taking them through the many adventures, trials, battles and experiences they need to shape a masculine heart within them. They find themselves on their own to figure life out, and that is a lonely place to be. Their fears, anger, boredom, and their many addictions all come out of this fatherless place within them, a fundamental uncertainty in the core of their being. But there is a way. "We aren't meant to figure life out on our own," says John Eldredge. "God wants to father us." In *The Way of the Wild Heart*, Eldredge reveals how God comes to a man and takes him on the masculine journey, how nearly all the events of a man's life can come togher to provide the initiation he never received. And how parents can offer that initiation to their sons. Whatever your age may be, your Father is ready to take up your journey. For you are his son.*

This new translation of Clarice Lispector's sensational first book tells the story of a middle class woman's life from childhood through an unhappy marriage and its dissolution to transcendence. Near to the Wild Heart, published in Rio de Janeiro in 1943, introduced Brazil to what one writer called "Hurricane Clarice": a twenty-three-year-old girl who wrote her first book in a tiny rented room and then baptized it with a title taken from Joyce: "He was alone, unheeded, near to the wild heart of life." The book was an unprecedented sensation — the discovery of a genius. Narrative epiphanies and interior monologue frame the life of Joana, from her middle-class childhood through her unhappy marriage and its dissolution to transcendence, when she proclaims: "I shall arise as strong and comely as a young colt."

In his book Wild at Heart, author John Eldredge thrust a generation of men, young and old, toward a journey to recover true masculinity?the soul of a man as God designed him. If you've already begun the journey, you know how thrilling?and hard?it can be. So you may have longed for a tool to maximize the impact, a guide to show the way. Packed with new information and insights, the Wild at Heart Field Manual guides you along "the road less traveled." Filled with probing questions, creative exercises, and space to record personal field notes, this companion volume is designed to transition you from reading about the wild heart to living from it. For too long, the call of Christianity to men has evoked no higher goal, ultimately, than becoming a "nice guy." No wonder many men are bored to tears with church. The hero instinct has been trained out of them. But Eldredge invites men to come alive again, to find their great battle, adventure, and beauty. If you dare . . . keep reading. Your life will never be the same.

The gripping account of a once-in-a-lifetime football team and their lone championship season For Rich Cohen and millions of other fans, the 1985 Chicago Bears were more than a football team: they were the greatest football team ever--a gang of colorful nuts, dancing and pounding their way to victory. They won a Super Bowl and saved a city. It was not just that the Monsters of the Midway won, but how they did it. On offense, there was high-stepping running back Walter Payton and Punky QB Jim McMahon, who had a knack for pissing off Coach Mike Ditka as he made his way to the end zone. On defense, there was the 46: a revolutionary, quarterback-concussing scheme cooked up by Buddy Ryan and ruthlessly implemented by Hall of Famers such as Dan "Danimal" Hampton and "Samurai" Mike Singletary. On the sidelines, in the locker rooms, and in bars, there was the never-ending soap opera: the coach and the quarterback bickering on TV, Ditka and Ryan nearly coming to blows in the Orange Bowl, the players recording the "Super Bowl Shuffle" video the morning after the season's only loss. Cohen tracked down the coaches and players from this iconic team and asked them everything he has always wanted to know: What's it like to win? What's it like to lose? Do you really hate the guys on the other side? Were you ever scared? What do you think as you lie broken on the field? How do you go on after you have lived your dream but life has not ended? The result is Monsters: The 1985 Chicago Bears and the Wild Heart of Football, a portrait not merely of a team but of a city and a game: its history, its future, its fallen men, its immortal heroes. But mostly it's about being a fan--about loving too much. This is a book about America at its most nonsensical, delirious, and joyful.

Simon Fraser and his young assistant, Tom McElrath are back again after their initial adventures in The Borgia Blade. Two beheadings, thirty years apart, send Professor Fraser and Tom on the trail of murder and adventure when they encounter the world's most formidable medium, Millicent Zacharias, who would "scare hell out of Jack the Ripper." There's a séance murder, and yet another slaying. The final séance uncovers two further attempts at murder. Are there two killers or only one? Is one of the older crowd guilty? Or perhaps there's a killer amongst the young? Is there an avenging child about? What did the doctor know that was so dangerous? Why the sudden change from saber to poison? Some of Simon's university colleagues are involved, most particularly, a much-despised colleague of yesteryear. "If only I could prove Roland Jepson did the dirty deeds, I'd cheerfully see him fried," says an irritated Simon. As usual, the sore-tried but patient Lieutenant Campbell has to put up with his good friend's penchant for maddening secrets, but in the end, the shadows fade and Simon, "does it again," as he did in the case of The Borgia Blade.
